

WMA 2009

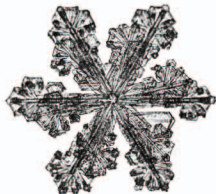

WEATHER MODIFICATION ASSOCIATION

ANNUAL MEETING
ANAHEIM
CALIFORNIA

APRIL 22 - 24
2009

The Weather Modification Association (WMA) Annual Meeting provides a worldwide communication platform for researchers and operators dealing with advertent and inadvertent weather modification. The 2009 edition will take place in:

Anaheim, California April 22 to 24, 2009

The conference proceedings will focus on the impact of human activity on weather and climate, cloud and precipitation microphysics, aerosol-cloud interactions, cloud modeling, instrumentation, weather modification research and weather modification operations. The Call for Papers has been issued and registration is open.
